

A Message from Blonka Mack

I AM THE DREAM EVENT BY: Ms. Blonka Mack, c/o of 2009, pictured in all white, honoring the late great historian Dr. Martin Luther King Jr, on behalf of Warren Easton Senior High School Tuesday, 1/17/23. Collaboration & Keynote Speaker, Leading Attorney in a black suit and a red tie, Mr. Shaun Mena, Esq c/o 2000, representing The Mena Law Firm.

Blonka is the Elite Modern-Day Historian, Warren Easton Hall of Famer, Key to The City of New Orleans, Founder of the Blonka Movement, mother to E'Lon King, and Impactful Author of the Book Of Keyz spearheading Blonka Movement 4:44 Financial Literacy World Tour. Please help us raise \$1.1 million to expand our successful World Tour responding to a starving nation behind 400 Years. Financial Freedom is our only hope. To our Youth, stop robbing your community and let B.M. educate & partner with you. Reform yourself & recalibrate you're thinking while establishing a business to bring your family's last name to the next level.

Blonka Movement is teaching credit & wisdom to Jay-Z, High School Alma Mater George Westinghouse Career & Technical Education CTE Department in Brooklyn, New York. This activist has a message for the masses.

The time is now; we must unite for Global change bringing awareness of Financial Literacy, Economic Advancement, Mental Health, Prison Reform, Stopping The Violence, and Suicide Awareness in underserved communities. To make it from poverty and create generational wealth leaves a spiritual sense of selflessness in the Universe.

On behalf of the people surviving, our zip code challenges reformed some, but not enough; 2,755 Billionaires in The World, But Only 15 are African American. African American creators are the first to create & last to break black & international barriers, barely addressing the systematic laws we, the people, are governed by today to shape our offspring's future and the pavement they will walk on. We must all be mindful that there is a person for every leg of the marathon, and we will pave the way. Without unity, we will continue to be last when everyone competes for first place, like an Indian Run, instead of running together united.

Let's educate a society within society by teaching credit, as stated on the Legendary 4:44 Album, which is Blonka's favorite album & bars of the century. Jay-Z's song The Story of O.J. says we're all screwed because we never had the tools. Financial Freedom is our only hope.

That entire album sparked the thought and needed dialogue behind the successful Blonka Movement 4:44 Financial Literacy World Tour that inked a partnership between G-House. She works in alignment with the CTE Department in amalgamation with B.M. Reach 1 Teach 1 Program teaching education.

Blonka & staff do a Q&A with students to fill one another out, asking various questions, including their career field interest, HBCU of choice, etc. Overall, leading them toward who's their favorite artist and how many best friends they have currently & why? Concluding with her scholars, everything will change at a tender age: the streets will tempt & test you and guarantee a means to an end without transition. Numbers don't lie; let's talk about Banks, Credit, LLCs, Elite Credit Cards & Music with substance, etc.

Students discover what's a Trend and what's a Legacy. Book Of Keyz Part 1 & 2 college readiness textbook provides a mindset of new perspective and teaches them how to be accountable, study, and speak amongst the masses.

The Groundbreaking Movement has been creating a community & educational change since 2009 with its Feed & Clothe the Homeless & Stop the Violence events, all sponsored in-house by Blonka's clarion call "Bet on Yourself." Blonka chose whom she wanted to help; she didn't allow the system to dictate that, says the serial entrepreneur. Mr. Shakur's song Changes changed her, and she moved with tunnel vision ever since as the one sparking and speaking with the power of the tongue to people while touching and embracing them where they are in life.

Documented by media, Blonka has been teaching and mentoring inside the school system since 2017, and the rest is History. The Organization's news-worthy accomplishments are off the grind of never giving up even when the mission was solo, there was a void, and Blonka stood tall even through personal adversity through the alphabet; she felt like the movie the last Mohican.

It's like that welcome back Carter moment, so all she does is smile and remember how blessed she is, representing the people who grew out of the sewer America left us in. Her principles and honor helped her rise and get to her Highest Version of self, a euphoric essence. Blonka would like to expand and complete a World Tour and Timeless Mark in History in which a Literacy Tour has never been done before with healthy dialogue surrounding the message in the Legendary 4:44 album mission that wakes her up at 4:00 AM every morning inspired.

She says all she needs is an open heart and a listening ear.
